One of the first Carmel boys to register for the draft, and to leave Salinas for Camp Lewis, Wash., was Johnny Machado. Now the boy is very ill. The physician says he must go the hospital. Funds are lacking. What can we do? We cannot let the boy want for anything.

Clothing, cast off clothing, for men, women and children, is sadly needed in devasted Europe.

Hoover says so. The Red Cross has inaugurated a drive throughout the country. The local chapter is cooperating.

Underwear, suits of clothes, bedding, socks—everything—is desired for shipment.

Make up your bundle at once. Then drop a card to Dr. C. A. McCollum, saying when to call, and the bundle will be taken to headquarters.

Don't put it off.

MAP OF COAST HIGHWAY

Jack Miller of Salinas has completed a large cloth copy of the map of the proposed "all year road" running from Carmel to San Simeon and connecting Los Angeles and San Francisco with a highway running along the coast. The map is three feet wide and twelve feet long, and shows the fifty-three miles of proposed road that will open up large tracts of farm, dairying and stock lands. The map will be used from time to time by Senator Rigdon before the Senate committee when he makes his plea for an appropriation for the highway.

A GOOD BUY

Anyone having $500 to invest could not do better than to acquire forty acres of land, capable of producing when plowed and cleared of manzanita roots, good crops. Such a piece of land is available a mile and a half east of Highlands Inn. On the land, which has been surveyed, is a two-room house, and near by a year-round spring of good water. There is a fair road from the highway to the property. The owner has too much land. Clear title. Inquire at Pine Cone office. advt

BOARD'S ACTION PROPER

The Board of Supervisors of this county has adopted a resolution opposing the proposed bill in the Assembly which will prevent anyone gathering moss, sea shells, mussels, abalones and other sea life on the rocks in the vicinity of the Montreey Peninsula. It was pointed out in the resolution that the passage of such a measure would hurt Carmel, Pacific Grove and Monterey as summer resorts, as it would prevent many people from gathering specimens as souvenirs. The bill was introduced by the Fish and Game Commission in order that the Stanford University Biological Laboratory at China Point would have a clear field in gathering flora and fauna living on the rocks in that vicinity.

WOMEN OF U. S. LOOK TO WOMEN OF CALIFORNIA

By Mrs. E. R. Brainerd, Californi State Chairman National Woman's Liberty Loan Committee

Women of California, hark!

Our Government comes to us nex April with the last Liberty Loan—th Victory Loan.

We women of California have bee accorded a place in the affairs of state We must justify that trust by record ing ourselves further as financial fac tors in the state and nation. Our work must stand out boldly by itself so tha all may see that women can actuall conduct financial campaigns when the Government calls.

MRS. E. R. BRAINERD.

Not only must we do a large shar in swinging the Golden State over the top in the Victory Loan, but we must make such a showing that women throughout the nation can point to us and say:

"Women can be all around citizens It is not theory. The California wom proved it in the Victory Liberty Loan."

Let this be our slogan for the next few months: "A hard job but for that reason the best."

It is a challenge.

Women of California, don't fail!

Start now.

"At a time when the divisions on its flanks were faltering, and even falling back, the Ninety-first pushed ahead and steadfastly clung to every yard gained."—Official Communique.

The Ninety-first was from the Pacific Coast. Remember those boys in the Victory Liberty Loan.

A Canadian Baptist minister, who chose a rifle rather than a chaplaincy and had his leg shot away in action was being commiserated on the "loss" of the leg.

"I did not lose my leg," he replied. "I traded it for a clear conscience."

Better trade your dollars for a clear conscience in the Victory Loan. You won't regret it and you will get the dollars back with interest.

Gain may be temporary and uncertain, but expense is constant and certain.

WHO SAYS IT?

Slogging through the mud of France,
Camping in the rain;
Hiking in a frozen trance
Down some German plain;
"Fall in!"—hear the sergeant yell,
Far from home and clover;
Tell me, who the bally hell
Said the war "was over?"

Chow for breakfast—slum for noon—
Who says men are free
While the bugler's foolish tune
Pipes the reveille?
"Right dress!"—hear the sergeant buzz
From Mainz across to Dover;
Tell me who the hell it wuz
Said the war "was over?"

Cleaning up a mass of wire,
Stained with clotted blood
Where the big trucks bog and mire
In the winter mud;
Full of filth and fleas and fuzz—
Cannoneer and drover,
Tell me who the fat-head wuz
Said the war "was over?"

—Grantland Rice.

Glass Is Thinking of Fifth Loan—Are You?

"I say that it takes a higher type of patriotism to serve this nation today that it required in the delirium of war, and that it is the duty of the American people, and I believe they will regard it as their privilege, to approach that question with some degree of patriotism and not altogether upon a commercial basis."

Secretary of the Treasury Carter Glass.

"There never was a time in the history of the United States when the utmost possible stimulation of the saving habit meant so much to individual and national prosperity as it does now."—Elmer H. Youngman, editor of "The Bankers' Magazine."

This faithful little white dog, who was the guardian of the corner of Ocean and San Carlos avenues for years, happened along about the time Bertha Newberry's "Toad" was put on at the Forest Theatre and Dr. J.
